§ 19.74 Description of the plant.

As required by § 19.73(a)(8), the application for registration must include a description of the distilled spirits plant. This information must:

(a) Describe each tract of land covered by distilled spirits plant;

(b) Clearly distinguish between the bonded premises and any general premises;

(c) Provide directions and distances in enough detail to enable the appropriate TTB officer to readily determine the boundaries of the plant;

(d) Describe each building and outside tank that will be used for production, storage, and processing of spirits and for denaturing spirits, articles, or wines. The description must include the location, size, construction, and arrangement with reference to each by a designated number or letter; and

(e) Specify when only a room or floor of a building will be used for plant operations and provide the location and description of the building, floor, and room.

(26 U.S.C. 5172)

§ 19.75 Major equipment.

As required by § 19.73(a)(9), the application for registration must include a list of the major plant equipment. If the equipment is set up and used for the production, storage, or processing of distilled spirits, wine, denatured spirits, or articles, the list must provide the following information:

(a) The serial number and capacity of each tank in the plant. The list does not need to include any bulk containers having a capacity of less than 101 wine gallons on the plant premises if those containers do not meet the criteria of a tank under § 19.182 (perks, small totes, etc.);

(b) The serial number, kind, capacity, and intended use of each still in the

plant. The capacity is the estimated maximum proof gallons of spirits capable of being produced every 24 hours, or for column stills a statement of the diameter of the base and number of plates; and

(c) The serial number of each condenser.

§ 19.76 Statement of plant security.

As required by § 19.73(a)(12), the application for registration must include a statement of plant security. This statement must include the following information:

(a) A general description of plant security, including methods used to secure buildings or plant operations located within a portion of a building and outdoor tanks;

(b) A statement regarding the use of guard personnel;

(c) A statement regarding the use of any electronic or mechanical alarm system;

(d) A statement certifying that locks used will meet the requirements of § 19.192(f); and

(e) A list of persons, by their position and title, who have the responsibility for the custody and access to keys for the locks.

(26 U.S.C. 5171, 5172)

§ 19.77 Statement of production procedure.

(a) As required by § 19.73(a)(13)(ii), the application for registration must include a statement of the step-by-step production procedure used to produce spirits from an original source. The statement must begin with the treating, mashing, or fermenting of the raw materials or substances and continue through each step of the distilling, purifying, and refining procedure to the production gauge. The statement must include the kind and approximate quantity of each material or substance used in producing, purifying, or refining each type of spirits that will be produced.

(b) If the applicant intends to redistill spirits in the production account, the applicant must submit and receive approval for such redistillation on form TTB F 5110.38, Formula for Distilled
